News to know for the area from Ox Road to Mason Neck, Fairfax County Parkway to the Occoquan River.

See you in September, in person!

Don't miss our first in-person meeting since the COVID-19 pandemic! We'll be back in session on Tuesday, September 10th at the new Lorton District Police Station in the Community Room. It's crucial that your HOA or organization is represented as we discuss important local topics. We will resume virtual meetings in October, with more in-person dates to be announced. Plus, join us on September 21st for our Fall Adopt A Highway cleanup of Lorton Road at 8 am at the Laurel Hill Central Green. See you there!

Bunnyman opens at Workhouse with limited hours

The long-awaited restaurant and brew house opened at the Workhouse with a soft open in late June followed by beer service for the fireworks show on June 29th. Bunnyman is now open for limited hours. The adjacent building, W-15, has also been made available for retail food service but still remains vacant. The Workhouse is hosting concerts each Saturday night throughout the summer, as well as the Community Market, now scheduled to coincide with the concerts. For more information, visit workhousearts.org.

Back to School event in Lorton on August 3rd

Mount Vernon's Supervisor, Dan Storck, and School Board Rep, Mateo Dunne, are hosting the second annual Back to School Community Day at the Lorton Community Center. County staff have been gathering donations of school supplies all summer and will be handing them out to children in need. Other activities include a health fair, moon bounce, face painting, and free food. Last year's event was well attended and school supplies ran out quickly, so be there when it opens at 10 am. For more information, visit: www.fairfaxcounty.gov/mountvernon/back-school-community-day

Data Center zoning vote delayed until September

The Fairfax County Board of Supervisors delayed their vote on zoning amendments for the approval of data centers throughout the County. A staff error with a previous two-week delay has pushed the decision to Sept. 10th with a new public hearing. The proposed changes will include the removal of "by-right" approvals and the use of Special Exception review for development in certain areas. The Federation approved a resolution recommending restrictions on impact to the environment and power consumption. For more information about the proposed amendments, visit: www.fairfaxcounty.gov/planning-development/data-centers

Join us for the next SCF meeting: Sept 10th at 7 pm at the Lorton Police Station Community Room
